Funeral Plans

Make life easier

Our free consultation service

One of the most difficult times in our lives is when someone dear to us dies.

Nothing prepares us for the emotional shock of losing a loved one, even when it is expected.

Planning your own funeral

Many people plan their own funeral well in advance, to make sure the funeral is what they would wish, and to take the stress away from the next of kin.

Making prior arrangements yourself can make all the difference to your loved ones. You can take your time and think it through carefully, calmly and rationally.

You'll get the kind of send off you really want

All you have to do is sit down with our funeral staff and discuss all your individual requirements so that the plan can be made to suit your wishes and budget. Arrangements can be made in the comfort of your own home as well as at your local funeral home.

Every aspect of the arrangements can be planned to suit you and the type of service you want, down to the style and content, music and the floral tribute.

You will be issued with a Funeral Plan certificate to be held with your personal documents or with your solicitor and a copy will be held on permanent file for you at our office.

Provide for the future at today's cost

By planning for the future with a Scotmid Funeral Plan you can save your family a lot of financial worry at a time when they least need it.

The cost of your funeral is inflation proof and you will be able to purchase a Scotmid Funeral Plan at today's prices to cover all the agreed costs.
